Public Appeal

The UN, NATO, G7, EU, and all the worldwide countries based and built on The Values must urgently act to stop annihilation war of Russia in Europe against Ukraine

- **Ukraine's fight for freedom is the battle for all the civilization!**
- **It is time to STOP this war!**

09.03.2022

Ladies and Gentlemen,

We appeal to you and call for your immediate action! UN, NATO, G7, EU assistance is needed to protect Ukrainian civilians and prevent further grievous human rights violations. Russia is not abiding by the agreed humanitarian corridors and is using extensive terror against the civilian population. The result is a humanitarian catastrophe of unprecedented proportions - a genocide of the Ukrainian people!

We demand the following therefore:

- Take immediate measures to ensure safety of the peaceful civilian population of Ukraine;
- Ensure safe operation of humanitarian corridors including establishment of No-Fly zones over the corridors to allow for the safe evacuation of civilians from bombed Ukrainian cities, as well as the provision of medical care;
- Ensure safety of the Ukrainian nuclear power plants including establishment of No-Fly zones over the plants;
- but again, the best is: Stop the damn war immediately and make sure Russian troops are out of Ukraine!

We call on you to protect the civilian population in Ukraine and to stop this war started by the Russian Federation in Ukraine. This is imperative for the protection of The Values Based countries worldwide!

Best regards

The Association of Ukrainian Organizations in Germany with its seat in Berlin is the umbrella organization for Ukrainian organizations in Germany. Founded in 2012 as the successor to the Central Representation of Ukrainian Emigration in Germany e.V., which was established by the émigré community after World War II. It coordinates the activities of its members as well as represents the interests of Ukrainians in Germany. Since 2013 DUOD has been a member of the Ukrainian World Congress (UWC) – an international non-governmental organization which represents the interests of over 20 million Ukrainians in the diaspora and unites Ukrainian communities in over 60 countries.

The Central Council of the Lithuanian Community in Germany is the Central Council of the Lithuanian Community and its highest decision-making body, which is elected by direct vote of all members of the Lithuanian Community in Germany. Founded in 1950 by the post-war Lithuanian Association of Displaced Persons (1946). It is a member of the Lithuanian World Community, which unites Lithuanian communities in 54 countries worldwide. Members are Lithuanians living in Germany, persons originating from Lithuania and their family members. Since 1953, the seat of the association has been Schloss Rennhof in Lampertheim-Hüttenfeld near the state-approved Private Lithuanian High School in Hüttenfeld (founded in 1950).

The Georgian Association in Germany formerly known as "die Georgische Landsmannschaft in der Bundesrepublik Deutschland e.V." was founded in 1945. For many years, it remained the only existing organization for Georgians in Germany. The purpose of the association is the promotion of charitable purposes, as well as culture, art, education, and research. The association is committed to cooperation with German and foreign organizations and represents Georgians living in Germany in the spirit of solidarity, international understanding, and integration.
